

CommuniKate™ Features & Benefits

Your Virtual Assistant

One number for everything!

We're #1 in the one number business which means you have one number as your personal, single contact point. This ensures you'll never miss important calls or messages again while you simplify contact information for important clients and customers!

Toll-free business line

Enjoy unlimited use of messaging with no long distance charges reducing your monthly telecom costs.

Corporate/ Professional image

Kate personally answers your calls in a consistent, professional manner. Consistency builds trust and comfort in your clients. It's like having an assistant that never has 'a bad day'!

Available anytime

Today's world never sleeps so downtime can mean lost opportunity. With Kate on the job 24 hours a day from any phone in the US and Canada, you'll never lose touch – or opportunity!

No busy signals

Kate actually handles multiple incoming calls so your clients or customers never hear a busy signal. Their calls will always be received professionally.

Voice activated

Since the entire Kate system can be driven by voice commands or touch-tones you can operate hands free to be safe and secure in every instance!

Finds you

Kate can ring up to four numbers simultaneously such as your home, office, cell, etc., yet your customer or client only needed your single toll-free Kate number to reach you which simplifies the process for important business associates!

Voice Mail

Kate will hold up to 200 messages at once and gives you listening options such as fast forward, reverse, skip, save, send, answer & more. This fool-proof system allows flawless message receipt. It's like virtual sticky notes that never get lost!

Virtual Calling Card

Have Kate place your long distance calls with no surcharge and at very competitive rates. Compare to your current rates and see how this feature alone can save money!

Contact list

It's like a verbal rolodex! Kate can support up to 2000 contacts and, with voice activation, you simply say your contact's name and Kate will find them. Kate is hassle free and saves you time by not having to locate numbers!

Call Screening

No one wants to take every call. So Kate allows you to know who's calling before you answer. You'll have to ability to manage your time efficiently by discreetly sending the caller to voice mail so you can return the call later.

Email over the phone

If you're away from a computer but have vital incoming email, just ask Kate to read them to you on the phone! You can skip to the one(s) you need and never miss important information no matter where you are!

Reply to email over the phone

Simply have Kate respond to emails on the phone. She'll answer with your message instantly so you'll never be a-day-late-and-a dollar-short again!

Receive faxes

Simply ask Kate to "check my faxes" and she'll print to any fax machine wherever you are. She'll even forward faxes to your email so you can print out later for better quality, more efficient time management and elimination of a fax line.

Conference calling

Kate allows up to 32 participants to join a conference call with no set-up fee! You have the flexibility to set up the conference call over the phone or on the Kate web site and whether you wish to be billed as a corporation or have each participant be billed individually. Compared to most other conference calling systems, Kate gives you more options for less cost. Kate also gives you hard copy time and participant records that transfer seamlessly to Excel for your internal billing purposes.

Calendar and reminder service

Never miss an important event or meeting again! Just schedule Kate to remind you and she'll call, email or page you, whichever you prefer. You can schedule Kate over the phone or on the web and then leave it to her!

Call screening options

You are the master of your time with Kate as your partner. A wide variety of screening options are available from caller ID to certain calls being blocked completely. It's your time.. now you can control it!

Message notification

You can be notified via email, phone, or pager. Great for medical or home repair professionals and anyone expecting important messages.

Whisper function

When you're on a call and another call comes in, Kate will 'whisper' that another call is waiting. You then have the option to take it or send to voice mail. With Kate as your assistant, you'll never miss anything yet you're always in control.
